As one of the founding members, Mark has built a firm focused on client service and care, professionalism, and a drive to achieve greatness in the local legal community. Mark's mission statement has always remained, "The firm is committed to excellence, both in its work product and its service to clients. Client service is a number one priority in the firm and will continue to be as long as the firm exists. Quality work provided with honesty and integrity has, and will continue to be, of the utmost importance in everyday business transactions." Mark has built his clientele and has achieved a reputation as a trusted and knowledgeable attorney and has received community awards attesting to his excellence.

In addition to his legal practice, Mark is also committed, as an individual and through the firm, to be involved in the community through education, service, and professionalism. Mark represents many commercial clients in complex leasing matters, business planning, contract drafting and negotiation. Clients include contractors, real estate developers, and a variety of professionals from small businesses to large corporations with multiple holdings. Whether large or small, Mark applies the same level of expertise, professionalism and knowledge to each client.
